Compensation Range: Based on Experience

We are seeking an Occupational Therapist with a work history in hand therapy, Certification in Hand Therapy, (CHT), preferred. As an Occupational Therapist, you will play a crucial role in helping patients regain their independence and improve their quality of life. If you are passionate about making a positive impact on the lives of others, we would love to hear from you.

Functions / Duties of Position:

- Develop individualized treatment plans based on assessment results
- Provide occupational therapy interventions to improve patients' functional abilities
- Monitor and document patients' progress and adjust treatment plans as needed
- Collaborate with other healthcare professionals to coordinate patient care
- Educate patients and their families on therapeutic techniques and strategies

Company Perks:

- Competitive compensation
- Profit Sharing
- Full benefits available including health, dental, vision
- 401k with matching
- Continuing education
- Employee Assistance Program (EAP)

Qualifications:

- Graduate from an accredited college with an AOTA curriculum
- A current state of Massachusetts license, CPR certification
- Strong knowledge of occupational therapy principles and techniques
- Knowledge of post -op protocols
- Proficient in splinting skills
- Excellent communication and interpersonal skills
- Detail-oriented with strong organizational skills

- Proficient in using relevant technology and software for documentation
- Excellent patient care and communication skills with the ability to multitask while providing an exceptional experience for anyone that enters the clinic.

About us:

Cape Cod Hand & Upper Extremity Therapy is an out-patient rehabilitation practice that specializes in hand and upper extremity rehabilitation. As Certified Hand Therapists (CHT's), we have the highest levels of certification in the profession for treating the hand, wrist, elbow and shoulder (for more information on CHT's please visit www.HTCC.org). Our facilities are equipped to offer our patients an excellent opportunity to reach their optimal functional abilities. Managed and operated by Occupational Therapists mandates that patient care is our number one priority. We take pride in the level of personal and compassionate care that is delivered; emphasizing a 'hands on' approach to rehabilitation and exercise.
