* Contact Person Phone Number

* Name of who will present abstract at NEHS meeting on December 2, 2022 Please note that the same person cannot present more than one abstract at the meeting.

Mirza Mujadzic

* Please indicate if the presenter is:

Fellow

* List full names of abstract authors

Muamer Mirza Mujadzic, James Grant Thomson

*** ABSTRACT - should include background information and a description of methods, programs, or practices.**

Our study is a questionnaire based observational study with data collected from both orthopedic and plastic surgery hand surgeons at Yale New Haven Hospital. The questionnaire inquires about current practices and preferences regarding WALANT surgery, types of procedures performed in the office, preference on types of local anesthesia, reasons for choosing office based surgery versus not for simple hand procedures. Our study aims to elucidate some clinical and financial forces at work, including system based issues, coding, policy and patient preference for sedation.

Please attach files with diagrams and/or photos to support your abstract (10 MB limit)

*** Please attach the abstract presenter's CV**
